

SANI
RESORT

THE CONCEPT & THE LOCATION

Sani Resort is a family-owned ecological reserve stretching across 1,000 acres, with endless golden beaches framed by the crystal clear waters of the Aegean and the magnificent pine forests of Chalkidiki.

It was the dream of two men almost 30 years ago, and today ownership remains with their families, who have a stronger than ever commitment to protect the beautiful environment for future generations.

A hideaway with a yacht marina and four hotels, each with its own distinctive character, offering a wide range of leisure facilities and accommodation - from deluxe garden or sea view rooms to junior or VIP suites with Jacuzzi or private pool and garden with direct access to the beach.

Luxury, comfort, design, turquoise waters, a superb choice of restaurants and bars and elegant spa retreats constitute a serene setting which exceeds guests' expectations in every way. There is always something new to explore in Sani Resort, the place which will indulge your every wish and help you discover the simple things in life.

Sani Resort is situated on the magnificent Kassandra peninsula, the first of the three beach-fringed peninsulas of Chalkidiki. Sani overlooks Mount Olympus and is close to the glorious but unspoiled beaches of the Sithonia peninsula.

Chalkidiki is part of Central Macedonia in the Northern part of the country and a very popular summer destination. The region has the perfect combination of that distinctive Greek light, unspoiled landscapes, colours and fragrances. The glorious natural setting is complemented by the rich culinary fare of the region and the living religious traditions of its people, manifested in a host of feast days and other ceremonies and rituals. It is formed of three peninsulas or "feet", each with its own unique charm, history and magic. There is Kassandra, or Pallini, scene of the Battle of the Giants in ancient mythology Sithonia, a magical place of green forest and blue sea and Mt. Athos, the world's only monastic state, home to twenty historic monasteries.

The Sani resort is also within easy reach of Thessaloniki, Greece's second largest city and the capital of Macedonia (also voted "Best Mid-Sized European city for human capital and lifestyle" by Financial Times in 2014).

Thessaloniki is one of the most beautiful cities in Europe and a vibrant cultural center with theatres, clubs, contemporary art museums, galleries, designer shops and a bustling café culture. The sun is up all year round and even the winters are mild. The airport is within three hours flight from almost all European cities and is connected to Thessaloniki center and Chalkidiki region by bus transport.

PASSION FOR MUSIC & CULINARY EXCELLENCE

sani gourmet

An annual gastronomic celebration that brings together some of the finest chefs from Greece and around the globe, along with some of the rising stars already starting to make a name. Each year Michelin-starred chefs join the acclaimed line-up set at Sani's top restaurants to create contemporary dishes that astonish and delight. Over the ten days, guests are also treated to a number of workshops, presentations and wine tastings. In its 9th year, Sani Gourmet is now well on its way to becoming a world-renowned culinary festival. Sanigourmet.gr

sani festival

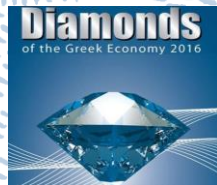

For 23 years now, Sani Festival's main aspiration is to open up bridges of communication between tourism and the arts, between Greek and foreign tourists. There is one language we all share, that of the arts and of innovation, placing before the public important artists and performers who are either visiting Greece for the first time or offering us an exclusive opportunity to enjoy their latest creation. The festival's aim - in respect to the audience- is to defend high standards of quality in the arts and entertainment, to advance the cause of culture and communication between natives and foreign visitors. As part of the above and despite the fact that Sani Festival's identity is an international music festival, we took a step further and broadened its perspectives into other forms of performing arts, like modern dance, music theatre.
